2nd September 2009

CIRCULAR NO. 137

Dear Members,

Summer holidays are nearing the end and the Group is gearing up to start off the work for the coming months. The next monthly meeting of the AD/HD Family Support Group will be held on **Friday 11th September 2009 at Junior College Msida, starting 6.30 p.m.** The meeting will be an open meeting focussing on the concerns that we might have regarding imminent return to school of our children. With the Circular please also find the September 2009 issue of the Newsletter.

We regret that the **PSD** sessions **will not** be held as usual. There is the same situation with regards to the **child minding services** that **will not** be available for this meeting. We regret to ask members not to bring their children for this meeting.

During the week comprising 20th to 27th September (ADHD Awareness Week) the group is aiming to make a voice heard with respect to ADHD.

We also refer to the coaching services that the group offers to members. The group will subsidise the first six sessions of such coaching services. For further information contact committee members.
