3rd June 2010

CIRCULAR NO. 147

Dear Members,

This is a short reminder that the next meeting of The AD/HD Family Support Group will, as always, be held at the Junior College, Msida on Friday 11th June and it will start at 6.30 pm. Should you wish to have a look at the Group's Library books, including the latest by Prof. Brown and which you may borrow, please come at 6.00 pm.

This month there will be a talk by Ms Paula Doumanov, who is an Occupational Therapist and a co-ordinator for multi sensory Room and Manager for Therapeutic Services at Inspire which is the new association formed by Eden Foundation and Razzett tal-Hbiberija. Her talk will be about the services that Inspire offer during the summer months.

Due to unfortunate circumstances we will have to start charging 1.50 euro per child who is brought to the meetings. This fee will be given directly to the PSD teachers taking care of your children.

We would like to remind you that there will not be any group meetings in July or August. Also this year, we will be skipping the September meeting because of the Conference so, don't forget to keep the 17th and 18th September free for the conference which will be addressed by Prof Thomas E. Brown. Go online now and book and put it in your diaries. Still don't know who he is? Just google him.

We would also like to remind you that Coaching is available by Simone Schembri at a reduced rate to members of the Group. While the Parental Skills Courses are still waiting for a few more people to join before starting.

Yours sincerely
